

Taster Activities for Aspiring Entrants to OPGS Sixth Form 2020

Dear Students

Welcome to OPGS Sixth Form. During this long period in the run up to the start of your Sixth Form career, I thought you would like some Taster Activities to show you what studying subjects at A level is like. Choose your three or four subjects from the menu.

If you are undecided about the subjects you have chosen, then try a variety of tasks and it should help you decide. If you start the activity for the subject you have chosen and do not find it interesting, you can change your A level choices if you are qualified to do so.

You should get started straight away because there is quite a lot of content to get through. All teachers will expect you to bring your responses with you on the first week of term. Should you be unable to complete the activities or if you want to ask about changing your subjects, please do get in touch with me on ahern@opgs.org.

More information about what to do on Results Day, will be sent to you via email nearer the time.

Yours

Ms A Hern

Director of Sixth Form
