

Spanish Year 12 into 13 transition

As your summer task **you will be expected to read “Crónica de una muerte anunciada”** by Gabriel García Márquez. You can find online downloadable versions of the book but I strongly recommend that you get hold of your own paperback copy.

As you read please ensure you.

- **Create a list of characters with a description of them physically, their personality and their role in the story.**
- **Create a bank of new and key vocabulary you encounter.**
- **Summarise the three main chapters of the book.**
- **Find three examples of where Magic Realism has been used in the novel.**

Please also ensure you go through the checklist sent to you via Edulink with the work set during the lockdown period.
